

§ 130A-291.3. Septage operator training required.

(a) Each septage management firm operator shall attend a training course approved pursuant to subsection (d) of this section of no less than four hours of instruction per year. New septage management firm operators and those that have not operated a septage management firm in the 24 months preceding the submittal of an application shall complete the training before commencing operation.

(b) Each septage land application site operator shall attend a training course approved pursuant to subsection (d) of this section of no less than three hours of instruction per year. New septage land application site operators and those that have not operated a septage land application site in the 24 months preceding the submittal of an application shall complete the training before commencing operation.

(c) Upon the completion of the permit requirements under G.S. 130A-291.1 and the training requirements under this section, the Department shall issue the septage management firm a certificate to operate as a registered portable sanitation firm or a registered septage management firm, or both.

(d) The Department shall establish educational committees to develop and approve a training curriculum to satisfy the training requirements under this section. A training committee shall be established to develop a training program for portable sanitation waste; a training committee shall be established to develop a training program for septic tank waste and grease septage; and a training committee shall be established to develop a training program for land application of septage. Each committee shall consist of four industry members, one public health member, two employees of the Department, and one representative of the North Carolina Cooperative Extension Service. (2001-505, s. 1.2.)
